## RAMASAMY CHOCKALINGAM

*Executive Leadership in Multinational Companies*

Ramasamy Chockalingam (Chock), a Singaporean, who has more than two decades of experience driven the market share and financial health of global organizations. Laser-focused on next generation solutions, his core strength is in challenging the status quo to help companies discover new possibilities for growth, savings, target markets and expansion, predominantly in the ultra-competitive fast-growing sector. He has developed key strategies and built and managed executive teams to thrive in turbulent economies and meet complex regulatory landscapes in worldwide markets.

Propelled by a fundamental belief which has shaped the success of his career and companies he has served, Chock is passionate about investing in an organization's people to drive sustainable success. With a strong understanding of Economics and Finance, he is committed to implementing sound financial structure, policies, strategies and works closely with Organisation / Govt Officials. He encourages team building for improved performance. His work ethic is complemented by his ability to drive cultural transformation to deliver winning results in any country.

A key influencer and policy setter, he has managed budget of US\$800M and had held responsibility for all aspects of corporate P&L, operations and programs for companies with revenues of US\$900M across 13 countries, including, India and UAE. An effective finance director and C-suite operator, Chock knows how to uncover individual strengths to optimize global teams and flourish in established and emerging economies.

Chock has held positions with 35 Asia-based Telstra International Boards for more than a decade, delivering valuable fiscal insights that drive strategic decisions, including greenfield creation of a business. A specialist in minimizing risk and exposure for companies and is able to deliver value in complex business scenarios, operating as a disruptor of traditional commercial methodologies, innovating ground-breaking processes and frameworks that support formation of market-leading enterprises. Been an expert witness on accounting investigation case and worked with Singapore public prosecutor and police. Experienced in due diligence to discover a rosy picture from 200k profit to 12 million losses.

A trusted business partner of CEO's and executive teams in designing corporate opportunities for the future and effectively communicating financial acumen and policies across an enterprise, nurtured and empowered management teams to be integral to business growth and success by providing timely and accurate financial and commercial advice. Proud to have led multi-functional teams across multiple countries that have delivered exceptional results in business growth and operational efficiencies, and in spearheading the M&A and integration processes of numerous companies up to US\$1B in value.

Highly capable in both start-up and scale-up for established and emerging markets and in directing capacity building and consumer-led growth strategies, Chock is a sought-after thought leader across Asia in international conferences and forums. Chock is well-suited to Country or Regional Head roles where sustained growth, brand repositioning, corporate transformation and strategy enhanced stakeholder engagement is required. As An experienced Advisor and Board Member, he has a strong goal to support shaping the overall strategy and direction of an organisation with adequate controls and corporate governance.

He strongly supports developing the next generation of corporate executives in an organisation and plays an important value add role, in acting as a lifelong mentor to aspiring leaders in the teams he oversees.

He is a Fellowship member of the Institute of Chartered Accountants in England and Wales, the Institute of Singapore Chartered Accountants, and Emirates Association of Accountants and Auditors, UAE. He is also a member of ASEAN CPA. Chock holds an MBA from the University of Missouri, USA.
